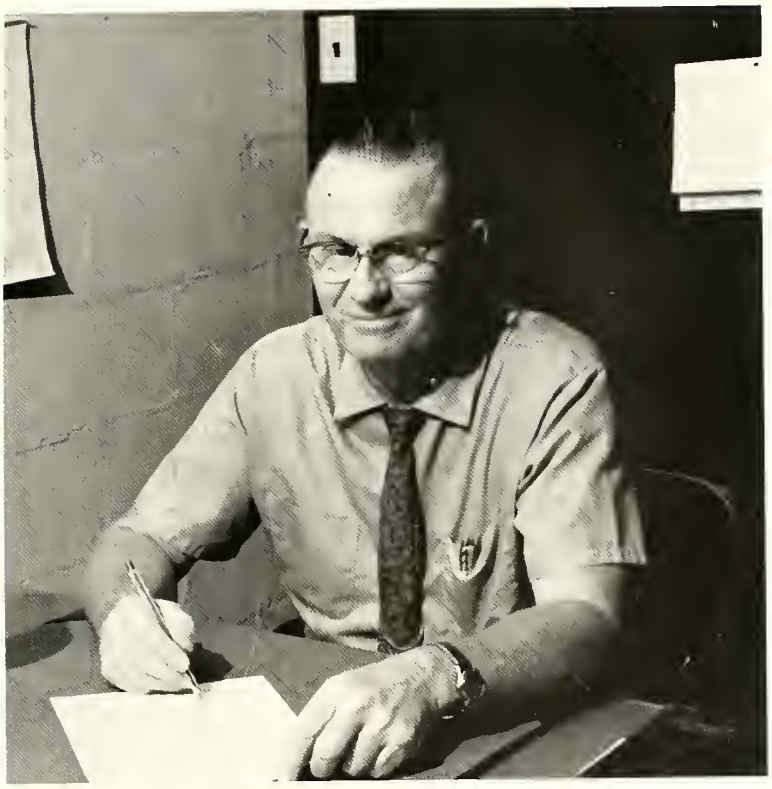
Dedication



With fond affection and thankfulness to God for such a great man, we dedicate our first annual to our Principal, Mr. A.B. Allen. He has devoted himself to the high ideals and standards of our school, Arlington Christian Schools.

As a shining example of Christian leadership, Mr. Allen inspires many students in his chapel services. They have become the highlight of the week.

Mr. Allen is highly admired as a great principal and a wonderful person.

Administration

Frank D. Shiver

Administrator

Arlington Christian School was founded by Rev. Frank D. Shiver in November, 1969. He felt the Lord had put a burden on his heart to begin a school that would shape and form the lives of many young people. It began as a vision, developed into a dream, now a final reality. With prayer as one of the main factors, he wrote a constitution to govern the school. "The church," he said, "has been willing to sacrifice any amount to help the school out in any way."

For the many things he has done for the development and progress of our school, we thank him.

Congratulates
Arlington Christian School
and
Arlington Heights Baptist Church

for standing up and being counted in our life and death struggle against the forces of evil by the very successful operation of this Christian School. You, along with the many fine people who have chosen and sacrificed to send their children here, have shown in some measure the politicians of Jacksonville and the federal political judges in Atlanta that there still remains much individualism in our land.

MORE individual responsibility and LESS government, to bring us back to the true Republic of U.S.A.
